The heavy majority in favor o. next to President Wilson on the the restricting measure, it was said, had been fully discounted in advance and negotiations have made such progress that should a treaty result, it may reach the Senate during the winter session.

The temporary absence from Washington of Ambassador Morris, who has been conducting for the State Department the discussions with Ambassador Shidehara, it was said, had only partly delayed negotiations result in the drawing usefully on the return of Mr. Morris this week. The Japanese Ambassador conferred today with Servertary Colby, but no statement as to the purpose of his visit was given out.

Senator-Elect Shortridge's pluralities continue to climb as later returns are received. Los Angeles city and county started him away with a lead of 35,000 and he appears to have increased this to 50,000 in all the counties south of the Tehs epi. Just what has taken place in the north cannot be ascertained by reason of incomplete returns. But the figures available show that he is holding his own.

Senator Phelan failed badly in the citrus fruit districts of the southern part of the State. The campaign of the Protective Tariff League to elect Republicans to support President Harding in Congress proved a great impetus to the Shortridge campaign. Its arguments were unanswerable, as is shown by the votes of the bean, lemon, walnut and cotton districts. Riverside went for Shortridge by three to one; San Bernardino, by two to one; Ventura county, by two to one; Orange county, by five to three, and San Diego county, by a plurality of about 3000.

Southern California as a whole gave to Shortridge the second largest plurality ever given a Senatorial candidate in California.

San Francisco managed as usual to get out of step with the rest of the State. It gave Phelan all plurality of about 10,000. Alameda county, however, dut that plurality in half and the San Joaquin Valley went for Shortridge. Even Fresno county, where Chester Rowell attempted to rally the old Progressive vote for Phelan, seems to have given to Shortridge a small plurality. CARRIES EIGHT COUNTIES.

Former Representative Victor Berger, Milwaukee Socialist, was defeated by Representative Stafford, Republican.

DEAD SECTIONALISM IS AIM OF HARDING.

NEW ORLEANS, Nov. 3.—In a telegram today to the Daily States here, the managing editor of the Marion Star, Senator Harding's paper, said:

"Senator Harding asks our office to utter his most grateful appreciation of the fine vote given him.in Louisiana, particularly as it manifests a growing belief in the Republican position. He asks me to say to you he has one ambition, which is to wipe out the last vestige of sectionalism in America in thought, polities, our economic life and in government."

Butterick magazines carry no mail-order advertising. We believe that the distribution of merchandise can be best effected through retail

Mr. Julius Rosenwald, president of Sears-Roebuck & Company, recognized as the genius of the mail-order business, said recently that the mail-order business is a forced and unnatural one and that the retail store is the logical place to buy goods.

The public generally undervalues "service." To shop conveniently has become so habitual that we don't realize our dependence on pre-arranged stores for our immediate wants.

Advertising space in the Butterick Publications is for sale through accredited advertising agencies.

Disinfection Is an **Every-day Necessity**

Disease germs work twenty-four hours a day—attempting to destroy health and spread contagious disease.

And if you are to combat this constant menace to health successfully, frequent disinfection is necessary. Daily disinfec-tion will guard your establishment and your home against disease gerins.

At the office: Have a solution of Lysol Disinfectant used in cuspidors, toiletrooms, dark corners, on floors and rugs.

In the home: Have a solution of Lysol Disinfectant sprinkled regularly in sinks, drains, toilets, garbage cans.

A little Lysol Disinfectant should be added to all scrubbing water, too. A 50c bottle makes five gallons of powerful disinfectant; a 25c bottle makes two

MANY PROPOSITIONS FAIL.

About Half on Ballot Seem to be Lost; Alien Land Law Vote Piles High.

About half the direct legislation propositions on the State ballot Tuesday seem to have reached port in safety. The rest seem to have disappeared beneath a tidal wave of ballots during the electoral storm. The four about which the greatest interest centered, the alien land law, prohibition enforcement act, community property act and single tax samendment, met with varying fates. The alien land law carried by a vote of more than three to one. The prohibition enforcement act seems beaten, as does also the community property act. Single tax was again beaten badly; but the companion amendment, to increase the number of signatures necessary for the certification of an initiative taxation amendment, was also beaten.

Les Angeles and San Francisco piled up enormous majorities in favor of the anti-Japanese land law. It will probably have a majority in the State even greater than that given to Harding and Cooldige. This act prohibits Japanese from owning or leasing agricultural land in the State; but it does not attempt to attack the rights given them by treaty, to purchase and own land for residential, commercial or consular purposes.

PROHIBITION ACT.

This amendment was opposed by many of those who had studied it because they believed it fixed a rate of interest unnecessarily high. The amendment carried in Los Angeles by about 15,000 majority; it is reported to be well ahead in the emendment carried to be well ahead in the text send that sample to a state constitutional convention did not seem to the same proposed to be any more popular with the voters as a whole than was Gov.

Cax. The bill was beaten by about 40,000 voteg in Los Angeles and by at least 60,000 in the State.

Auprising reversal of form was shown by the electorate of the State to the alien poll tax amendment. This proposition was submitted to the voters by the Legislature two years ago and beaten, by a big adverse wite. Returns from more than half the precincts in Los Angeles city and county show that it carried this yeak by a greater majority than ev

where an intensive campaign was made for it, antivivisection was running about 14,000 behind. Re-turns from the north indicate that it will be beaten in the State by an achierse majority of not less than 75,000.

the so-called poison act passed by the Legislature. It was referen-dumned, but appears to have been sustained by the electorate. The referendum was beaten in Los An-geles city and county by more than 20,000.

BOND DEBT INCREASED. Apparently the initiative proposi-tion increasing the interest rate on State Highway bonds has carried.

the States but it does not attempt to attack the rights given them by treaty, to purchase and own land for residential, commercial or consular purposes.

PROHIBITION ACT.

Despite the Eighteenth Amendment and the vote of ratification given by the last legislature the Harris Enforcement Act was beaten in Los Angeles city, and according to dispatches from San Francisco, has failed to carry in the State at large. This act was passed by the Legislature before the Volstead Act, and if it were to pass basements and cellars would be subject to a double search. According to the latest figures this act carried in Los Angeles city and county by 12,000 votes.

Proposition No. 3, to increase the salaries of the justices of the higher courts, is apparently beaten. This act was submitted to the voters as an initiative measure, as the salaries of the justices of the high courts can be increased only by a popular vote. Its purport was probably misunderstood by a majority of the electors.

Shall pay an ammual poll tax of \$4.

UNIVERSITY TAX.

Partial returns from Southern California indicate that the proposal to raise funds for the support of the state University by an ad valorem tax on the face of returns from 3482 out of 6154, and with seventeen counties still missing, it has lost. The margin against it at presente is \$000. The act relieves the State of all expenditure for the support of the university and provides for raising the funds, about \$4,000.000 annually, by an ad valorem tax of the university and provides for raising the funds, about \$4,000.000 annually, by an ad valorem tax of the university and provides for raising the funds, about \$4,000.000 annually, by an advalorem tax of the university and provides for raising the funds, about \$4,000.000 annually, by an advalorem tax of the university and provides for raising the funds, about \$4,000.000 annually, by an advalorem tax of the university and provides for raising the funds, about \$4,000.000 annually, by an advalorem tax of the university and provides for raising th

Returns are not yet sufficiently

understood by a majority of the electors.

INITIATIVE LAW.

An attempt to amend the initiative section of the constitution by increasing the number of signatures necessary to the certification of initiative measures is apparently beaten. The intent of this act was to increase from 8 to 25 per cent the number of signatures necessary to taxation.

While the single-tax amendment was defeated about two to one, this twin measure, which would make it more difficult to get single-tax proposals on the ballot in the future, was also beaten. The gate is still open for more single-tax initiatives at succeeding elections.

Los Angeles city and county piled up a big vote for the chiropractic initiative. The latest figures showed it leading here by more than 40,000. Reports from the northern and central parts of the State, however, inshem some heavy majorities against it. Los Angeles is known to the medical societies as the home of the chiropractors. Judging from their big majority they are manifestly popular in their home town.

VACCINATION VOTE.

The initiative measure of the State, however, indicate it is running far behind in septian sections. If this northern and county by about 5000 votes. Reports from the morth, however, indicate it is running far behind in septian sections. If this northern adverse lead is maintained the bill will be beaten.

A big vote was polled in favor of antivivisection in the southern part of the State, but partial returns indicate that it was beaten. In Los Angeles city and county, where an intensive campaign was made for it, antivivisection was running about 14,000 behind. Returns are not yet sufficiently on what happened to the State insurance act. It apparently carried in the state insurance act. It apparently carried of what happened to the State insurance act. NEW GAINS IN CONGRESS.

Both Houses Show Bigger Republican Majorities as Returns Come In.

[EXCLUSIVE DISPATCH.]

CHICAGO, Nov. 3. - The Republican avalanche iled up tonight completely overwhelmed the Democrats in Congress. In the Senate latest reports show the Republicans will have a majority of twenty seats. Republicans will control the House of Representative with an old-time steam-roller majority of 136. When the last return is in

with an old-time steam-roller majority of 136. When the last return is in this utter rout of the Democracy may be even greater.

Aimost complete returns give the Republicans a gain of nine seats in the Senate, Arizona and Nevada, which were swept into line early to-day, being followed tonight by Oklahoma and Oregon.

PRESENT LINE-UP.
The Congressional political lineup as now developed will be as follows: Senate — Republicans, 285; Democrats, 38.
House — Republicans, 285; Democrats, 149; Independent-Prohibition-Line Republicans gained their nine seats as follows:

Operating Expenses Gone Up in Comparison.

WASHINGTON, Nov. 3.—Private peration of the railroads for the first six months after the end of Federal control will cost the Federal according to figures made public today by the Interstate Commerce

The railroads sustained a net defict of \$206,000,000 during the sixmonth period, and besides this sum the treasury must pay them \$450,000,000, the amount of the guarantee provided in the Transportation Act. Part of the deficit is charged to increased pay granted to the railorad workers by the Railroad Labor Board.

The August expenses, however, included increased wage accruals of \$79,000,000 and war taxes amounting to more than \$3,000,000.

For the eight months ended with August operating revenues amount ed to \$3.822.000,000, compared with \$3.283.000,000 in \$19, while operating expenses amounted to \$7.765.000,000 for the first eight months last year.

PORTLAND (Or.) Nov. 3.—Three OPERATING REVENUES.

Operating revenues of the roads for August, according to the commission's figures, increased by only about \$\$3,000,000,000, as compared with August of 1919, while operating expenses advanced more than \$300.-000,000.

The net revenue from operatione for August, 1919, was \$112,000,000, compared with a deficit of nearly \$124,000,000 for that month this year. To this deficit is added tax accruals of \$25,000,000 and debits to equipment and joint facility rents of over \$5,000,000, leaving a net loss for the month of more than \$155.-000,000. The net operating incomfor the same month last year was \$22,000,000.

The August of \$25,000,000 as compared with August of 1919, while operating expenses advanced more than \$155.-000,000.

DUCK HUNTERS ARE HAPPY, TOO.

"Republican Day" Celebrated on Marshes Generally.

Strict Enforcement on Early Shooting by State.

Unusually Good Sport With Jacksnipe Features Day.

"Republican Day" was very generally celebrated by midweek duck hunters, who took parffeular advantage of the legal holiday to turn out at their clubs in force.

Several of these exclusive orsanisations had arranged to receive the election returns Tuesday night by telephone from The Times, and between "raising the ante" and "raising the roof" when more good news came by wire, the occasion was quite as festive, and almost as well attended as the grand opening on some of the sprig pastures.

The web-footed belt of western Orange county was densely populated, not only by the organized shooters, but also pre-empted by a considerable "army of the unattached," most of whom behaved themselves about breaking loose before the bell in the morning. A few rough-necks without respect for State or Federal laws or the rights of their law-abiding fellowman to an even break at the general ries of ducks at shooting time.

ELLIOTT AFTER MINOR FRANCHISE.

Rowdy Elliott, Brooklyn catcher, is in the market for a minor league franchise, preferably Oakland. Elliott has ample backing

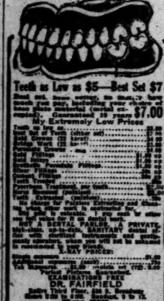

to purchase a minor league property, and is rather weary of life in the majors. Arriving in the West he was prepared to make a definite offer for the Oakland club. But J. Cal Ewing, it seems, has changed his mind about retiring just yet awhile.
